EXHIBIT A
Diversity, Equity and Inclusion Competencies and Criteria Recommendations

BACKGROUND

An educational excellence ecosystem requires an equity-centered teaching and learning system to support and remove barriers to student experiences and success. An important component of transforming our system’s culture and establishing educational excellence, includes addressing employee evaluations and tenure review processes. Therefore, in collaboration with the Diversity, Equity and Inclusion (DEI) Implementation Workgroup, the Chancellor’s Office has been working to implement the DEI Integration Plan (https://www.cccco.edu/-/media/CCCCO-Website/Files/Communications/vision-for-success/5-dei-integration-plan.pdf?la=en&hash=2402789D82435E8C3E70D3E9E3A8F30F5AB13F1D), create a culture change, and establish the conditions for educational excellence. The DEI Plan includes recommendations for embedding DEI competencies and criteria into the employee evaluation and tenure review processes. These recommendations are also in alignment with the Vision for Success (https://www.cccco.edu/About-Us/Vision-for-Success) and the Governor’s Recovery with Equity Roadmap (https://postsecondarycouncil.ca.gov/wp-content/uploads/sites/18/2021/03/Recovery-with-Equity_2021Mar25-12pm.pdf) that calls out the incorporation of “equity-centered practices into teaching and learning, grading, annual evaluations, and faculty review/tenure processes.”

Over the last six months, a subgroup of the DEI Implementation Workgroup tasked with developing DEI competencies and criteria for employee evaluations and tenure review processes, developed a competency framework that is developmental in nature to support the continuous growth of all employees to become more aware and active in diversity and equity efforts. The subgroup engaged in learning sessions, including presentations from the Faculty Association of California Community Colleges and Los Rios Community College District, reviewed DEI competencies and criteria from other higher education institutions, and participated in activities to draft a set of sample DEI competencies and criteria.

The subgroup met on multiple occasions to finalize the set of DEI competencies and criteria that are listed in this document. However, the subgroup acknowledges that this sample set of DEI competencies and criteria is not exhaustive nor truly “final,” as it may be updated with further engagement, learning, and dialogue to ensure the continuous improvement of the evaluation and tenure review processes to support student success. However, this sample is a starting point, and it is meant to serve as a reference for districts/colleges as they engage in their own local process to develop and adopt a personalized set of DEI competencies and criteria for their employee evaluation and tenure review processes. Districts/colleges are strongly recommended to use these DEI competencies and criteria as a baseline to develop DEI competencies and criteria that strengthen the integration of equity-centered practices in local employee evaluation and tenure review.
The districts’/colleges’ local process for embedding DEI competencies and criteria may include, but is not limited to, conducting a review of existing local evaluation and tenure practices, engaging with stakeholders, and implementing local processes that incorporate DEI competencies and criteria and assessment. To support these local efforts, the Chancellor’s Office is committed to creating enabling conditions to assist with the local implementation of DEI competencies and criteria by:

- encouraging diversity focused criteria in employee evaluations and tenure review,
- updating regulations as it relates to evaluation and professional development, and
- revising the EEO Plan Template to establish accountability in the tenure review and evaluations processes.

**DIVERSITY, EQUITY AND INCLUSION COMPETENCIES AND CRITERIA**

The DEI competencies provided in this document are meant to define the skills, knowledge, and behaviors that all California Community College (CCC) employees must demonstrate to work, teach, and lead in a diverse environment that celebrates and is inclusive of diversity (See Table 1). During the evaluation and tenure review process, employees will be able to demonstrate they have met the DEI competencies using concrete examples based on DEI criteria provided in this document (See Table 2).

As aforementioned, the subgroup participated in activities to develop the DEI competencies and criteria. In partnership with the Chancellor’s Office, the Success Center analyzed and categorized the subgroup’s responses from activities using thematic coding. Responses that shared a common theme were grouped together under an overarching thematic code, and a description was created for each thematic code. In addition, each competency and criteria was assessed as to whether it applies to faculty, staff (including administrators), or both employee types. The most common themes that emerged for DEI Competencies were Cultural Competency, Self-reflection, and Self-Improvement. The most common themes that emerged for DEI Criteria are Service, Self-assessment, and DEI Environment.
