In the Matter of Deborah Alexander  
and Hunter Dare

Case D-210-2023-013

-----X

As the Chancellor's designee to issue determinations on complaints filed under Chancellor's Regulation D-210, I have reviewed the Equity Compliance Officer's findings and recommendation in the above-referenced case, which was submitted after a comprehensive investigation, and I determine that there is a reasonable basis to conclude that Respondents, Deborah Alexander and Hunter Dare, did not engage in conduct that constitutes a violation of Chancellor's Regulation D-210.
